EXPANDING HUMAN PERSPECTIVES AND WORLD HARMONY THROUGH EDUCATION

# Team Highlights

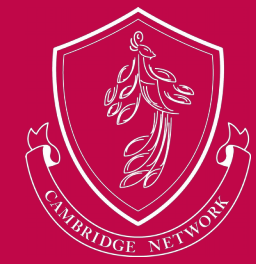

**Student Development Manager Katherine Knight** works closely with her students to ensure they are achieving their goals while in the United States. She created an after school study group to assist students who were struggling in their classes. She met with her students each week to help them understand their school work and prepare for their tests.

**Family Education Advisor Liyan Jiang** communicates with natural parents about their children's progress in the United States. She worked closely with parents to make sure they were aware when a student had an emergency relocation due to allergies to a new host family. Liyan kept the parents informed so they knew their child was safe throughout the process.

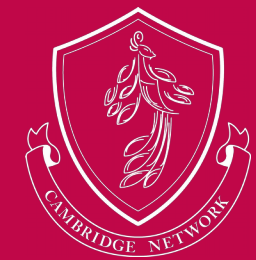

# In the Spotlight : Host Family
